French	English	Humanities	Spanish	Maths

Time Guideline      In KS3 up to 30 minutes per subject.

Most subjects are working towards completing Key Stage 3 assessments during Year 9 and the transition of skills to topics for GCSE. Some subjects start GCSE courses during Year 9; Maths GCSE begins from September, Science courses begin at Christmas and RE and Humanities move to GCSE topics in Term 3.

## Year 10 Home learning 2019-20

The following is a guide how to organise the work set by different subjects. However subject teachers may set work on different days to fit in with what is being learnt in lessons

### Year 10 ALMSW Home Learning

Monday	Tuesday	Wednesday	Thursday	Friday
Science	English	Maths	Maths	RE
Option A	Option C	Science	Option B	English

### Year 10 BCJPR Home Learning

Monday	Tuesday	Wednesday	Thursday	Friday
Science	Maths	English	RE	English
Option A	Option C	Science	Option B	Maths

### Time Guideline

In KS4: 30 - 45 minutes set from each GCSE/Vocational subject.

Pupils are expected to complete 5 hours of independent learning over the week using the school's own revision site for KS4 <https://scien80.wixsite.com/learningsk4> and the wealth of materials, powerpoints, video clips, exam questions provided for each subject.

#### On line resources provided by school also include:

Century Tech for English, Maths and Science (both key stages)

MathsWatch,

GCSE Pod (Good for all subject areas),

Educake (for Science),

VocabExpress (MFL).
