

Remote Access

To install the software there are two routes

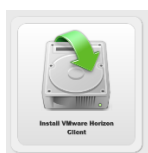

Route 1. Go to the App store and install the **VMWare Horizon** app. Then follow the instructions below for 'Adding a server'

Route 2. Open a web browser and in the address bar type, '<https://sra.st-gabriels.org.uk>'

If using a MAC to access, then also install the below first and ensure you have the latest VM Horizon Client

<https://apps.apple.com/us/app/microsoft-remote-desktop-10/id1295203466?mt=12>

Then click on this icon

Choose the download for

your operating system.

(Older PCs tend to be 32 bit

-if you choose the wrong one

it will tell you later in the process.)

Product	Release Date
VMware Horizon Client for Windows	
VMware Horizon Client for 32-bit Windows	2015-10-15 Go to Downloads
VMware Horizon Client for 64-bit Windows	2015-10-15 Go to Downloads
VMware Horizon Client for Windows with Local Mode Option	
VMware Horizon View Client for 32-bit Windows with Local Mode Option	2015-06-04 Go to Downloads
VMware Horizon View Client for 64-bit with Local Mode Option	2015-06-04 Go to Downloads

Follow the on screen prompts to install. (Download, Run, Next etc)

Adding a server:

When prompted for a connection server name, enter 'sra.st-gabriels.org.uk' – click next

Once installed you will have to restart your computer

(Select the **RDS2019_ Pool**)

Any problems/issues please create a ticket with the IT Technician.
