Publication Scheme

Dec 2019

Introduction

One of the aims of the Freedom of Information Act 2000 (which is referred to as FOIA in the rest of this document) is that public authorities, including Academies, should be clear and proactive about the information they make public.

To do this we must produce a publication scheme, setting out:

- The classes of Information which we publish or intend to publish;
- The manner in which the information will be published; and
- Whether the information is available free of charge or on payment.

The scheme covers information already published and information which is to be published in the future. All information in our publication scheme is available in paper form.

Some information which we hold may not be made public, for example personal information.

The publication scheme conforms to the model scheme for schools approved by the Information Commissioner.

Aims and Objectives

The School aim is to:

- enable every child to fulfil their learning potential, with education that meets the needs of each student,
- help every student develop the skills, knowledge and personal qualities needed for life and work, and this publication scheme is a means of showing how we are pursuing these aims.

Categories of information published

The publication scheme guides you to information which we currently publish (or have recently published) or which we will publish in the near future. This is split into categories of information known as 'classes'. These are contained in this scheme.

The classes of information that we undertake to make available are organised into three broad topic areas:

Governors Body Documents – Information published in Governing Body documents

Pupils and curriculum – Information about policies that relate to pupils and the school curriculum

School policies and other information related to the school – Information about policies that relate to the School in general.
